#### Another Train Robbery.

Galveston, June 18 .- A report has just reached here that the east-bound California express on the Southern Pacific Railroad was robbed at 3 a.m. near Flatonia, about ninety-five miles east of San Antonio. The express car was robbed and nobody killed. It is rumored that the robbers secured \$75,-

As the train drew up at the station two men with drawn revolvers mounted the engine, covered the engineer and forced him to pull the train to the open prairie, where there were eight or ten men armed with Winchester rifles. The two robbers on the engine, stood guard over the man at the throtte while the others went through the mail, express and passenger cars. Nearly all the passengers were seliept and unaware of what was going on until they were aroused by the robbers. All the passengers were relieved of their valuables, and it is difficult to form any estimate of the amount of money and jeweiry secured. It is reckoned at about \$5,000. The express car and mail pouches were also gone through, but the amount of money taken is unknown. The total amount secured is now placed at \$10,000. The whole country is aroused. Several posses have gone in search of the robbers. As the train drew up at the station

New York, June 18,-Everything seems to be at sea about the great Suburban race to-day at Sheepshead Bay. Even jockeys cannot say watch

Bay. Even jockeys cannot say warsh horses they will ride. Rupert, a fast horse, is the latest tip, and Rica mond, Hidalgo come in for equa standing. McLaughlin is expected to ride in spite of his injury of Thursday, and so is "Snapper' Garrison. Rumor has it that Ika Murphy will ride Hidalgo, and that "catern jocks" do not like him, and will press to the rail or best him in the send off. McLaughlin, Murphy, Fitzpatrick, McCarty and Hamilton, are ranked as tavorites, and they will show up best with the betting Murphy, Fitzpatrick, McCarty and Hamilton, are ranked as tavorites, and they will show up best with the betting public. If the Suburbau is won by a jockey of the second or third class, it will be, indeed, a surprise. Fremont and Hanover are left out in the count. It is very likely that no more than a dozen horses will start in the race. There is every indication that the attendance at Sheepshead Bay track will be the greatest on record. The opinion is unanimous among the best judge, the Suburban lies between Richmond and Quits. Ben Bryer, trainer of Richmond and Quits, Ben Bryer, trainer of Richmond and Quits, however, favors Quits more than suy other horse. Grimaldi's France is well thought of in the going. Betting will open with Richmond as favorite, at about 3 to 1, with Quits second choice at 5 to 1.

None of the other occu-pants of the car was injured and the balloon was securely anchored without

### What is the Matter with Garland?

SALT LAKE CITY, June 18, 1887 To the Editor of THE HERALD.

What is the matter with Garland? The Attorney-General, a short time a se, sent word that it was contrary to law for the Pen. Warden to open letters addressed to prisoners. A few days after, he sent word that it was entirely proper and consistent for the warden to open the prisoners' letters. I have been puzzling ever since to find out what we ought to understand by that weathercock sort of business. If the warden has no right to infleriere with Uunited States mails by opening the prisoners' letters why does the Attorney-General say it is proper and consistent for the warden to do that thing? Is the warden thus advised to break the law? If so, ought not the Edmunds-Tucker oath to be read to both the warden and the Attorney-Seneral, to show them what sort of men public officials are expected to be, and the regard they should pay to the law, in this section? after, he sent word that it was entirely

#### YEA, VERILY. Glorious Fourth,

SALT LAKE CITY, June 18, 1887

To the Editor of THE HERALD So we are to have a celebration of the "Glorious Fourth" after all? Good enough. The City Council did about right in declining to use the city's in come in getting up a celebration. It is all right whether there is a public cele-bration or not. The people will cele-brate it some way or other, anyhow. If a public celebration is generally desired it seems to me that it would be better for the well-to-do citizen to wish for the purpose. Then they can have a grand celebration, or one of more moderate pretensions, just as they wish, and are willing to pay for, and nobody ought to grumble about that. So it looks to
